Ground Center of Lines.

MADRID, August 20—Spain lost 140  
men today in one of the most sangui-  
nary battles in the Moroccan war at  
Tiferrin, according to private mes-  
sages from Morocco.

Firing is continuing along the entire  
battle front with many wounded. To  
the right and left of the battle line the  
Spaniards are holding their ground  
against attacks of the Moors, who are  
equipped with the latest in modern

front is losing ground. It is said it is  
doubtful whether the Spaniards will

### POINCARÉ STATES FRANCE INTENDS PAY DEBT TO U. S.

PAYMENT OF DEBT TO U. S. DOES  
NOT DEPEND ON RECOVERY OF  
CLASS C. REPARATION BONDS  
FROM GERMANY.

PARIS, August 20—While Premier  
Poincaré's summary of the French po-  
sition, which will be delivered to the  
British government, treats at length  
on the Inter Allied debts, it does not,  
as reported, make the payment of the  
French debt to the United States de-  
pendent upon the recovery of a sim-  
ilar amount on the Class C. Reparation  
Bonds from Germany, the Foreign Of-  
fice asserted today.

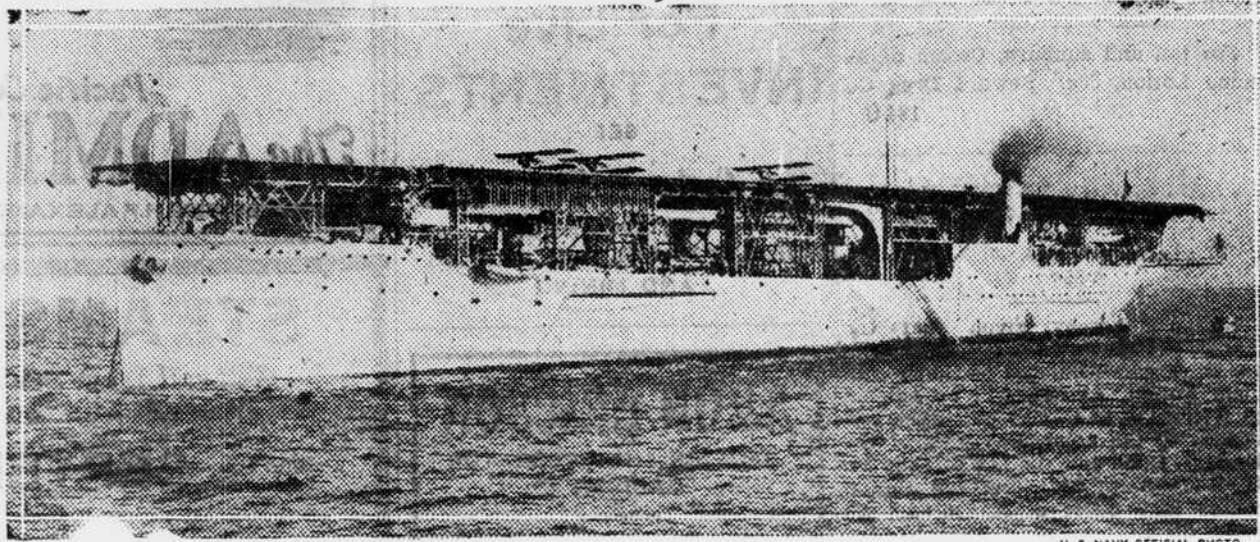

The French attitude is that the war  
debt to America is to be paid, and  
that France must get an equal amount  
from the Class C. Bonds to pay it, but  
that France will not repudiate the  
debt if it fails to collect.

Company of Japan was granted a pre-

tilities between Poland and Russia.

### LARGE AMOUNT CURRENCY NOW BEING CIRCULATED

BERLIN, August 20—Although the  
Reichbank is circulating currency to  
be estimated at more than one hun-  
dred trillion marks, it is believed this  
will be more than doubled the com-  
ing week, owing to fantastic demands  
for currency, caused by the wage in-

### EUROPE CANNOT BE SAVED WITHOUT HELP OF AMERICA

NO TENDERNESS IN BRITISH EM-  
PIRE FOR GERMANY BUT BE-  
LIEVES FRANCE TRYING TO GET  
STRANGLE-HOLD ON COUNTRY.

LONDON, August 20—A Central  
News dispatch prints what is claimed  
to be "an authoritative direct footnote  
on the British foreign policy," stating:  
"There is no tenderness in the Brit-  
ish empire for Germany, but the gov-  
ernment believes that if France is out  
to maintain a strangle-hold on Ger-  
many, the complete overthrow of the  
economic situation in Europe, if not  
the world, is certain."

Apart from the immediate aims of  
the Governments in Europe, the domi-  
nating note in their policies is the ul-  
timate co-operation of Britain and America  
for the world settlement of the  
chaotic conditions existing there.

No immediate sensational assistance  
for America need be expected, but  
Premier Baldwin believes that Europe  
cannot be saved unless the American  
people join the British in saving them.

on conditions at Ellis Island immigra-  
tion station, Secretary of Labor  
Davis, declared that the immigrants  
themselves were responsible for most  
of the trouble complained of, adding  
that those detained at the station  
were held because they were in this

those clearly admissible passed thru  
rapidly. He insisted that the remedy

#### SECRETARY NAVY ROOSEVELT

STATES NAVY WILL IMMEDI-  
ATELY BEGIN CARRYING OUT  
TERMS OF TREATY.

WASHINGTON, D. C., August 20—  
Secretary of the Navy (acting) Roose-  
velt today stated that the navy would  
immediately begin carrying out the  
terms of limitations of armaments  
treaty, which was ratified Friday.

Seven battleships and four battle  
cruisers under construction are to be  
scrapped and two battle cruisers, the  
"Lexington" and "Saratoga", are to  
be converted into aeroplane carriers,  
under the terms of the treaty. Thir-  
teen old ships are to be scrapped.

The "Washington", under construc-  
tion and the "South Carolina", out of  
commission at Philadelphia, will be  
used for experimental purposes in un-  
derwater and aerial attacks. The ships  
"New Jersey" and "West Virginia" are  
to be turned over to the army for use  
in bombing practice. The "Delaware"  
will be sold for scrapping and the U.  
S. S. "North Dakota" will be converted  
into a ship when the "Colorado" and  
"West Virginia" are placed in  
commission. The Navy Department  
will sell the ships now under construc-  
tion in private yards, either as stocks  
to be cut up by the purchaser or cut  
up by the navy, and sold as scrap or  
for a total figure that will cover com-  
plete and final settlement of claims  
in connection with construction.

#### FEEL CONFIDENT THAT NEGOTIATIONS WITH THE BRITISH END SATISFACTORILY

PARIS, Aug 20—A certain amount  
of optimism is felt in official circles

the present negotiations with the  
British government will end in a satis-  
factory compromise.

It is understood that Poincaré in his  
speech tomorrow in Charlesville, will  
declare France desires to preserve the  
entente in the face of continued resis-

Admiral Burrage, who will be assign-  
ed to the head of the board of inspec-

November of Admiral Halstead of the  
Washington staff, tomorrow will say he  
is faced with instructions from the  
Bureau of Budgets to slash the esti-  
mates submitted for the navy depart-  
ment for the next fiscal year.

The Department has begun a revisi-  
on of its original figures in an at-  
tempt to meet the cut with the essen-  
tial figures of the budget being slash-  
ed too much, covering only such ex-  
penditures as the department believes  
absolutely necessary to maintain an
